

O Christ Jesus, when all is darkness and we feel our weakness and helplessness, give us the sense of Your presence, Your love, and Your strength. Help us to have perfect trust in Your protecting love and strengthening power, so that nothing may frighten or worry us, for, living close to You, we shall see Your hand, Your purpose, Your will through all things. Amen

## School Diary

16 <sup>th</sup> October	Y2 assembly – Harvest/ Food Bank – St Patrick's House
17 <sup>th</sup> October	Non-uniform day - £1 per pupil
23 <sup>rd</sup> October	School photo day
24 <sup>th</sup> October	Close for half term-school reopens on 3 <sup>rd</sup> November

Thank you to all those who supported our Fairtrade Coffee Afternoon yesterday. We raised £162 for Fairtrade.

## Important Updates

- Please do not park on the zigzag lines outside school. These are there for the safety of our children and all our families. We had a near miss a few weeks ago with a car reversing and some SMSJ children so please keep the lines clear.
- Applications are now open for September 2026 intake for reception. Please complete any application forms by January 2026, even if you have siblings in the school, to be considered for a place next year. Please pass on to family and friends.
- Year 6 students need to have made their Secondary School applications by October half term which is in 3 weeks' time.
- Gas works will be starting on Bennington Street From 3<sup>rd</sup> November 2025 for approximately 3 weeks.

## Welcome

We would like to welcome a new teaching assistant who will be joining EYFS. I am sure you will join us in welcoming Miss Cunliffe to the SMSJ family.

## Pupil Vacancies in Reception and Year 1

We currently have 4 places available for pupils in Reception and 1 place available in Year 1. If you know of anyone who would like to join our wonderful school. It is rare that we ever have places in our school available for pupils.

## Parent Governor Vacancy

We currently have a vacancy for a parent governor at our school. If you would like to apply, please contact our Clerk to the Governors on [c.butler@smsjrc.blackburn.sch.uk](mailto:c.butler@smsjrc.blackburn.sch.uk). Closing date is Monday 6<sup>th</sup> October 2025.

At The National College, our WakeUpWednesday guides empower and equip parents, carers and educators with the confidence and practical skills to be able to have informed and age-appropriate conversations with children about online safety, mental health and wellbeing, and climate change. Formerly delivered by National Online Safety, these guides now address wider topics and themes. For further guides, hints and tips, please visit [nationalcollege.com](http://nationalcollege.com).

## 10 Top Tips for Parents and Educators SUPPORTING CHILDREN TO DEVELOP EMOTIONAL LITERACY

Emotional literacy refers to the ability to recognise, understand and express our feelings effectively. It plays a crucial role in strengthening a child's wellbeing by enhancing their relationships and resilience. However, emotional literacy is not necessarily an innate talent, and its development may present challenges. This guide gives parents and educators practical tips on supporting children to cultivate this essential skill.

### 1 NAME THE EMOTION

Encourage children to identify and name their emotions. This helps them understand what they're feeling and why. Use simple language and relatable examples to make it easier for them to share their emotions. This builds a foundation for emotional understanding and open communication.

### 2 MODEL EMOTIONAL EXPRESSION

Demonstrate healthy emotional expression by sharing your feelings visibly. When children see adults properly displaying how they're doing and what they're thinking, they learn to do the same. Discuss how you handle emotions in different circumstances, providing a real-life framework for young ones to follow.

### 3 MINDFULNESS ACTIVITIES

Teach children mindfulness practices to help them stay present and manage their emotions during more challenging moments. Activities like deep breathing, meditation or yoga can reduce stress and enhance emotional regulation. Regular practice can improve focus and emotional stability, which can significantly help children both as they're growing up and throughout their adult life.

### 4 USE STORYTELLING

Incorporate storytelling to help children understand emotions. Stories can offer relevant scenarios illustrating how the characters experience and manage their feelings. Discuss the emotions depicted in stories and ask children how they might feel in similar situations.

### 5 PRACTISE EMPATHY

Teach children to consider others' views and emotions – and to explore why they might think or feel this way. Role-playing and discussing various scenarios can enhance their ability to empathise. Understanding others' emotions helps children to develop compassion and improves their social interactions.

### 6 ENCOURAGE JOURNALING

Suggest keeping a journal to make note of thoughts and emotions, as writing can provide an outlet for self-reflection and emotional processing. Encourage children to write about their daily experiences and feelings, helping them gain insight into their emotional world. Do this alongside them, so they can see and experience how to do it effectively.

### 7 TEACH PROBLEM-SOLVING

Do what you can to help children develop problem-solving skills to assist in managing emotional challenges. Discuss potential solutions to emotional conflicts and encourage them to think critically about what they (and others) can do to process their feelings in a healthy way. This empowers children to handle emotions positively and build resilience.

### 8 CREATE A SAFE SPACE

Establish an environment where children feel safe to display their emotions without judgement. Encourage open exchanges and reassure them that all feelings are valid. This supportive atmosphere promotes trust and encourages children to express themselves with confidence.

### 9 USE VISUAL AIDS

Take advantage of visual aids like emotion charts or mood meters to help children identify and express their feelings. Use these tools regularly in your interactions. They provide a visual representation of emotions, making it easier for children to communicate their emotional state.

### 10 CELEBRATE EMOTIONAL GROWTH

Acknowledge and celebrate progress in emotional literacy, and praise children for expressing their emotions and handling them effectively. Positive reinforcement is a useful tool that will encourage continued growth and reinforces the importance of emotional literacy – encouraging young people to maintain the good habits and healthy behaviours that you've taught them.

## Top Tips for... **MANAGING SCREEN TIME**

According to the latest stats, people aged between 8 and 17 spend four hours on digital devices during an average day. Obviously, a new year is ideal for fresh starts and renewed efforts – so lots of families are trying to cut down their combined screen time right now, creating more moments to connect with each other and relying less on gadgets to have fun. Our top tips on reducing screen time are for everyone, so you can get your whole family involved in turning over a new leaf this year!

### GET OUT AND ABOUT

If the weather's decent, spend some time in the garden or go for a walk. Even a stroll to the local shop would do: the main thing is getting some fresh air and a break from your screen.

### TRY A TIMED TRIAL

When you're taking a screen break to do a different activity or a chore, turn it into a game by setting yourself a timer. Can you complete your task before the alarm goes off?

### GO DIGITAL DETOX

Challenge yourself and your family to take time off from screens, finding other things to do. You could start off with half a day, then build up to a full day or even an entire weekend.

### LEAD BY EXAMPLE

Let your family see you successfully managing your own screen time. You'll be showing them the way, and it might stop some of those grumbles when you do want to go online.

### AGREE TECH-FREE ZONES

Nominate some spots at home where devices aren't allowed. Anywhere your family gathers together, like at the table or in the living room, could become a 'no phone zone'.

### HOLD A SCREEN TIME AMNESTY

As a family, agree specific windows when it's OK to use devices. This should help everyone to balance time on phones or gaming with enjoying quality moments together.

### BE MINDFUL OF TIME

Stay aware of how long you've been on your device for. Controlling how much time you spend in potentially stressful areas of the internet – like social media platforms – can also boost your wellbeing.

### 'PARK' PHONES OVERNIGHT

Set up an overnight charging station for everyone's devices – preferably away from bedrooms. That means less temptation for late-night scrolling.

### SWITCH ON DND

Research shows that micro-distractions like message alerts and push notifications can chip away at our concentration levels. Put devices on 'do not disturb' until you're less busy.

### TAKE A FAMILY TECH BREAK

Set aside certain times when the whole family puts their gadgets away and enjoys an activity together: playing a board game, going for a walk or just having a chat.

### SOCIALISE WITHOUT SCREENS

When you're with friends, try not to automatically involve phones, TVs or other tech. Having company can be loads more fun if your attention isn't being split.

### WIND DOWN PROPERLY

Try staying off phones, consoles, tablets and so on just before you go to sleep. Reading or just getting comfy in bed for a while can give you a much more restful night.
