

School Prayer This Week

Dear God, Thank You for giving us the opportunity to make good choices. Help us to be a positive light in our community. May our words and actions encourage other to be their best selves, making the world a kinder place for all. Amen.

House Points Winners:

Well done St Davids

You have won the most house points this week. 1047 points!

SPIRITS Awards this week goes to:

Year 1 – ZA, DA & HM

Year 2 – SS & HA

Year 3 – MM & MF

Year 4 - RS & HC

Year 5 – MC & AS

Year 6 – AP & FS

Important Updates

- On Tuesday 20th, please be mindful where you park as we having some building works commencing and part of it will be cordoned off
- Uniform – Ties, Book Bags & PE tops can be bought from the school office. Ties are £4.00 KS1 & £5.00 KS2. Book bags are £3.50 & PE tops are £10.00 each (limited sizes available)> t shirt's can also be purchased via our online supplier. Contact school for details.
- The flu clinic will be in school on Monday 19th Jan to administer the flu vaccinations to all consenting parents whose child missed out on 30th September.

Friday Bake Day

We will be selling cookies/cakes every Friday. This is being done as a treat for the children for all their hard work. They are nut & dairy free but not gluten free.

School Meal Increase

School meals have been increased from January 2026 from £2 per day to £2.20, increasing by just £1 for the week. We are still one of the cheapest school lunch providers in the local authority.

Soccer HQ

A reminder that Soccer HQ will be in school every week on Tuesdays for KS1 and Wednesdays For KS2, if your child is currently participating in this, please send you child to school in their PE kits on the relevant days.

Attendance for the week

Whole school target: **96%**

Current attendance of whole school: **94.3%**

Rec: **91.2%**

Year2: **94.6%**

Year 4: **97.1%**

Year 6: **93.3%**

Year 1: **95.5%**

Year 3: **94.0%**

Year 5: **95.7%**

This week's attendance winners are Year 4!

The most punctual winners are Year 1 & 2!

What Parents & Educators Need to Know about **NINTENDO SWITCH 2**

Nintendo launched its Switch 2 games console in early June 2025 – its first new console in eight years. While it builds on the original's success by remaining compatible with certain existing games, it also adds powerful hardware and new features like GameChat and a USB-C camera. As more children look to upgrade, it's important to understand how this new console might affect their play and safety.

WHAT ARE THE RISKS?

EASIER TO ACCESS MATURE CONTENT

Despite Nintendo's reputation for family-friendly titles, mature games like *Cyberpunk 2077* and *Hogwarts Legacy* have been released onto the platform. With the Switch 2's improved performance, developers will be able to port even more mature-rated games. These may appeal to children due to their popularity, but they contain content that is highly unsuitable for young audiences.

IN-APP & GAME STORE PURCHASES

The Nintendo eShop enables purchases with just a few taps. If payment details are saved and PIN protection is disabled, children may unknowingly make costly purchases – including game add-ons, cosmetics, items or entire new releases – without parental approval.

UNRESTRICTED ONLINE PLAY IN SOME GAMES

While GameChat is one feature, Switch 2 also connects to the broader Nintendo Switch Online service. Many free-to-play titles like *Fortnite* or *Splatoon 4* allow voice or text chat with strangers unless chat settings are adjusted, meaning children could encounter inappropriate language or unwanted contact.

GAMECHAT & REAL-TIME VOICE COMMUNICATION

GameChat enables live chatting with up to 12 people, even across different games, with optional video and screen-sharing. Though children under 18 are restricted to chatting only with approved friends, the sheer interactivity could raise privacy concerns or create pressure to remain online longer.

CAMERA COMPATIBILITY & PRIVACY CONCERNS

The optional USB-C camera supports video calling and facial overlays in games; however, this also raises the risk of cyberbullying or the unwanted sharing of personal images. The camera can be disabled, removed or covered, and parental controls are essential to manage how and when it is used.

POWERFUL PULL OF FAMILIAR CHARACTERS

Nintendo's mascot, Mario – along with Pikachu, Donkey Kong and others – remains hugely appealing to younger audiences, especially after the success of the recent film, *The Super Mario Bros. Movie* (2023). These beloved icons are central to Nintendo's branding and often feature in merchandising, adverts and in-game promotions, creating strong emotional attachments in children and a sense of urgency to keep up with their peers.

Advice for Parents & Educators

CHECK RATINGS & USE PARENTAL CONTROLS

Every Switch and Switch 2 game comes with a PEGI age rating. Before buying one, ensure the content matches your child's age. Use the Nintendo Parental Controls app to monitor gameplay, set screen-time limits and manage friend requests.

REMOVE OR RESTRICT PAYMENT METHODS

Avoid accidental spending by unlinking credit cards from the device. Instead, consider adding funds via prepaid eShop cards or requiring a PIN for purchases. Some banking apps can also be set to approve transactions manually.

Meet Our Expert

Lloyd Coombes is the Games Editor of *Daily Star* and has been working in the gaming and tech industry for five years. A regular visitor to the App Store to try out new tools, he's also a parent and understands the importance of online safety. He's also a tech and fitness writer and has been published on sites including *IGN*, *TechRadar*, and plenty more.

REVIEW FRIEND LISTS AND CHAT PERMISSIONS

Child profiles are restricted to chatting with approved friends only, but it's good practice to regularly check their friend list and communication settings. Use the Parental Controls app to switch off voice or video chat if necessary.

ENCOURAGE OPEN CONVERSATIONS

Teach children how to block, report and capture any behaviour or content that makes them uncomfortable. The console's built-in tools allow them to create screenshots and video clips, which can aid in reporting any issues. Keeping an open dialogue helps children feel supported and safe.

10 Top Tips for Parents and Educators SAFETY ON THE ROAD

Traffic-related incidents are a significant risk for young pedestrians and cyclists, so understanding road safety is crucial for children's wellbeing. While all road users share responsibility for keeping one another safe, this guide offers strategies for empowering young people to navigate the roads confidently and responsibly.

1 TAKE PRACTICE JOURNEYS

Making 'practice' journeys with children is a great way to help them stay safe, thereby modelling responsible behaviours and having road safety conversations as they prepare to travel independently. Add hazard perception activities like spotting electric vehicles – which may have a green number plate – and point out how quiet they are. Children learn by watching others; remind them that their peers might not always be the best role models.

2 BE BRIGHT, BE SEEN

Visibility is lower during darker winter days, and drivers need to take extra care to look out for pedestrians. Wearing bright and reflective clothing can help make children more visible to drivers near roads. In poor daylight conditions, encourage children to wear light, bright or fluorescent clothing. When it's dark, wear reflective clothing or materials such as a reflective armband or jacket.

3 EYES UP

Encourage children to look up and keep their eyes on the road. Teach them to constantly watch for traffic and practise double-checking the road before crossing – looking right, left and then right again.

4 LIMIT DISTRACTIONS

Where possible, devices like phones should be kept away from children while out and about near roads. If they're carrying devices, these should be put away until they've reached their destination. Children must also avoid playing with toys or being distracted by friends. If a friend wants to show them something funny on their phone, there'll be time for that once they've safely arrived.

5 SLOW DOWN

Discuss the importance of waiting instead of crossing immediately. It can be tricky to judge the speed of traffic and spot obstacles that could cause a trip or a fall. For safety, children must stop and think before they get to the kerb and should always walk – not run – when crossing the road. They should avoid crossing until they're certain they have plenty of time. Even if traffic seems a long way off, it could still be approaching very quickly.

6 STOP BEFORE THE KERB

Teach children to stop before reaching the kerb – not right at the edge of it. Waiting before they get to the kerb allows them to see if anything's coming, whereas getting too close to traffic is dangerous. If there's no pavement, children should stand back from the road's edge but ensure they can still see approaching traffic.

7 CROSS SAFELY

Children should always find a safe spot to cross the road, prioritising zebra crossings or pelican crossings, footbridges and subways. Find a place where they can see traffic coming from both directions. Avoid crossing near junctions, bends in the road, or obstacles that block their view. Instead, moving to somewhere they can see and be seen. Remind them to use their eyes and ears together when checking the road, as sometimes they can hear traffic before they can see it. Looking and listening while crossing helps them quickly spot traffic, including cyclists and motorcyclists driving between other vehicles.

8 PARKED VEHICLES

Crossing between parked vehicles is very dangerous. Teach children to use extra caution if crossing in this way, and, ideally, avoid it altogether. They should use the outside edge of a vehicle as if it were the kerb, waiting and checking for traffic before moving. They should ensure vehicles aren't about to move, by looking for drivers in the vehicles and listening for engines running – but remember that electric vehicles may move silently. They should always make sure there is a gap between any parked vehicles on the other side, so they can reach the pavement.

9 REVERSING VEHICLES

Children must never cross behind a reversing vehicle – it's extremely dangerous. Remind them to look for white reversing lights and listen out for warning sounds. Can they hear the engine sound or a radio playing inside the vehicle?

10 WAIT FOR THE BUS TO LEAVE

When getting off a bus, children must wait for it to leave before crossing so they can have a clear view of the road in both directions. This also allows the on to see and be seen by other road users. Crossing near large vehicles is particularly dangerous and should be avoided.

Meet Our Expert

Think! is a year-round national campaign that aims to encourage safe road behaviours – whether we're driving, cycling, horse riding or walking – with the aim of reducing the number of people killed and injured on the UK's roads each year. 10 Top Tips for Parents and Educators

PROMOTING PHYSICAL WELLBEING

Physical activity isn't only beneficial for our bodies; it also plays a role in promoting mental wellbeing. With both the Euros and the Olympics this summer, it's an opportunity to engage young people in regular exercise which can reduce stress, improve mood and boost self-esteem. Despite these benefits, many children face barriers to participating in physical activity.

1 MAKE IT FUN

Incorporate activities that children enjoy, such as playing games or dancing. Encourage participation in team sports or group activities to foster social connections and a sense of belonging.

2 MIX MOVEMENT WITH LEARNING

Educational settings can incorporate movement breaks and physical activities to enhance focus, concentration and cognitive function. Embedding exercise into the curriculum can also reinforce learning and stimulate creativity. "Revision walks" with podcasts and flashcards can benefit older learners.

3 CREATE OPPORTUNITIES

Provide clear chances for physical activity throughout the day, both indoors and outdoors. Schools can encourage active play during breaks and at lunchtimes, while limiting screen time at home can help keep children up and about.

4 PROVIDE POSITIVE REINFORCEMENT

Praise and encourage children for their efforts and achievements in physical activity. Recognise their progress and celebrate their successes to reinforce positive behaviours. Educators could do this in several ways, such as applauding their efforts at assemblies or celebrating their accomplishments in newsletters.

5 VARIETY IS KEY

Introduce a selection of physical activities to keep children engaged and prevent boredom. From swimming and cycling to yoga and martial arts, trying different types of exercise can help children to discover what they enjoy most.

6 ENJOYMENT OVER COMPETITION

Encourage children to focus on the enjoyment of physical activity rather than winning or achieving perfection. Emphasise effort, improvement and having fun rather than outcomes, to minimise the amount of stress that children can sometimes associate with sports and other competitions.

7 SET REALISTIC GOALS

Help children set achievable physical activity targets based on their interests, abilities and preferences. Celebrate their progress and successes to maintain motivation and enthusiasm.

8 MAKE IT ACCESSIBLE

Ensure that children have access to safe, suitable spaces for exercise at home, at school and in the community. Advocate for inclusive environments which accommodate diverse needs and abilities. Be a change maker in your community if facilities aren't already available.

9 LEAD BY EXAMPLE

Parents and carers can be positive role models by prioritising their own exercise and involving children in their fitness routines. Gentle walks, bike rides or sports activities can be wonderful opportunities for bonding and staying active together.

10 ENCOURAGE PERSISTENCE

Help children develop resilience and perseverance by encouraging them to overcome challenges and setbacks in physical activity. Teach them the importance of perseverance and the value of effort in achieving their goals.

Meet Our Expert

Adam Gillett is a learning and development specialist who, as well as working for Minds Ahead, is associate vice principal for personal development at a large secondary school in Barnsley. He was asked to be part of an expert research group for the Department for Education, one of only three school leaders to be asked to do so.
